

## Course Outline

Thanks for checking out the **Guitar Skills Level 1** course. Here's an outline to show you what you'll learn here. If you're a beginner guitar player or not a confident music reader this is the place to start.

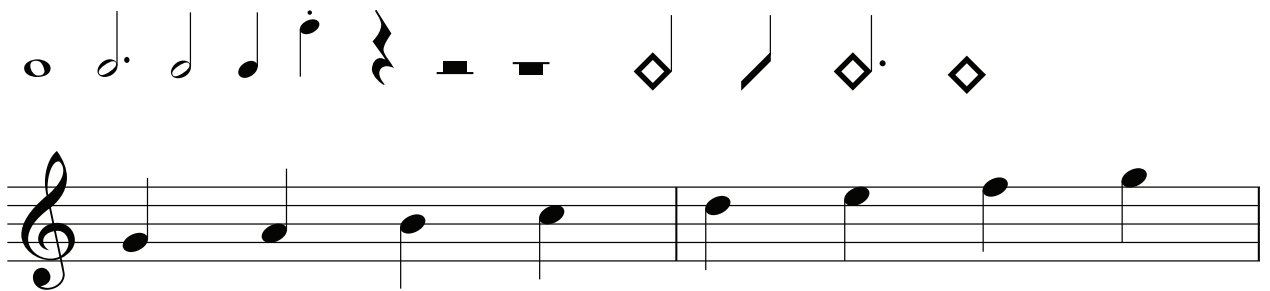

### General

1. How to hold a pick
2. How to strum chords
3. How play easy melodies
4. Understand various terms and symbols
5. Learn to read music

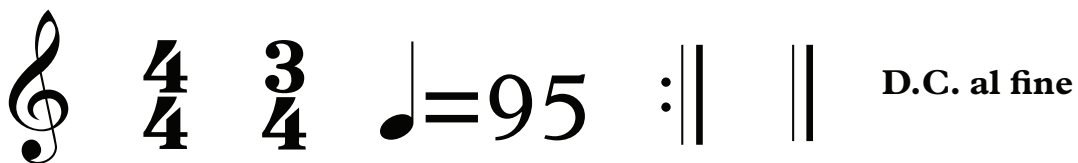

### Songs

In this course you'll learn songs in multiple styles, which have been written to focus in on what you're learning. Many of them have motivating backing tracks to make it a fun experience!

### Music Notation & Rhythm

### Symbols

### Chords
