

Course Outline

Building on the previous course, **Guitar Skills Level 2** will further develop your technique and musical understanding. Here's what we'll focus on:

General

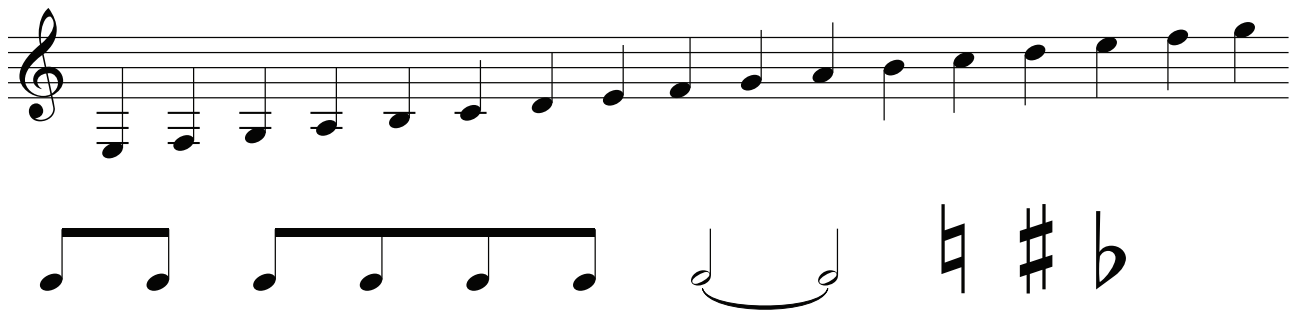

1. Alternate Picking
2. 8th note strumming
3. Notes on the 4th, 5th and 6th strings
4. Understand more terms and symbols
5. Accidentals

Songs

With the addition of more notes, more complex rhythms and new techniques, the songs in this course are much more intricate and fun to play!

Again, they're in different styles so you can have a holistic experience, and have something to show for it!

Music Notation & Rhythm
