

## Course Outline

In Guitar Skills Level 4 we will take things up level by using your skills learned so far to play more difficult and challenging songs, exercises and chords. We will also explore some deeper musical ideas.

## Knowledge & Content

1. More major scales and new ways to play them.
2. Minor scales
3. How to use the circle of 4ths and 5ths
4. 6/8 Time signature
5. Barre Chords
6. Barre Chords
7. Playing in second and third positions
8. Scale sequencing
9. Dynamics
10. Quaver triplets
11. More intricate and demanding phrases
12. Challenging songs that make you better

## Practical Skills

In this course my aim is to teach you:

1. How to play faster and more efficiently
2. How to use more of the fretboard in your playing
3. How to play barre chords
4. How to play more difficult musical ideas smoothly and accurately
5. Increase your coordination between hands
6. Have a better sense of rhythm and timing
7. Help you play some great sounding songs in different styles to put all your learning into context
